WELCOME HVIDOVRE IDRAETSFORENING

For the first time ever we have the pleasure this evening, of entertaining the officials and players of a Continental Club, and we look forward to a pleasant diversion from the rigours and pressure of League and Cup encounters.

This Danish club was founded in 1925 and on their own admission had a comparatively unremarkable existence until 1962 when they won their Fourth Division championship, followed by the Third Division in 1963 and the Second Division championship in 1964 — some achievement and one of which they are proud. To complete their remarkable run they became First Division champions in 1966 and are still in the highest league.

By virtue of their success they took part in the European Cup, and in the first round they knocked out F.C. Basel, winning 2-1 in Basel and drawing 3-3 in Copenhagen. Their next opponents were the renowned Real Madrid, and after drawing 2-2 at home they were eliminated in Madrid 1-4.

Hvidovre have also played in the Fairs Cup and three times in the inter-toto cup when they gained very favourable results including a match with F.C. Kaiserslautern when they drew 2-2 and won the return in Denmark 4-0, against Austria Wien they had two exciting matches 4-2 and 1-4.

They are at present second in their division and it should be interesting to watch their style of play which no doubt will be tempered by their experience of Scandinavian conditions, and who knows, our inconsistent climate may produce an ideal evening for their visit when their skills will be apparent. Their playing staff includes five internationals and although the team sheet is not yet available we hope that, Leif Serensen (15 caps) and Birger Pedersen (10 caps) will be included in their line up.

This additional game should give all our players a further opportunity for consolidating their game prior to the Bournemouth and Rotherham important matches.
